**C68 – Police Reports**

The Parish Council received the Police reports for Poulton North and Poulton South. It was also reported that the proposal for a Tri-cam had not been accepted as a bid against the Police and Crime Commissioner's Fund. PCSO Murphy had proposed an alternative application for PCC funding to improve the subways on Tidal Lane and Blackbrook Avenue, that lead on to Bennett Recreation Ground by having NHS and World War Memorials painted on the walls. The aim was to approach Community Payback to assist in the cleaning and removal of the old graffiti, which would reduce costs to the Borough Council. The Borough Council would also be asked to replace some of the concrete slabs that were missing from the walls. Approaches would also be made to local schools to come up with new designs that would be judged by both Parish and Borough Councillors, plus the Police and Crime Commissioner and Beat Officers. An approach would be made to Chester University to see if anyone can produce the chosen artwork to be painted on the walls. This could well go towards someone's final degree. It was considered that by involving the local community into the improvement/works it would give them a sense of ownership which might help to reduce vandalism and anti-social behaviour in the area. The chosen categories would be a reflection of the current pandemic and in memory of those who had sacrificed their lives during the conflicts around the world and recognising that Bennett Recreation Ground had been used by the RAF during the 2<sup>nd</sup> World War. The Clerk reported that, as the application for funding had to be in before the Council meeting, together in consultation with the Chair, an amount of £500 had been allocated towards the Scheme.

Resolved that:

The Parish Council welcome the Scheme and approve the action of the Clerk in consultation with the Chair in authorising £500 for the Scheme.
